SKILLS

CIW Javascript Specialist Certified (2023)
CIW HTML & CSS Specialist Certified (2023)
Global and State Seal of Bi-Literacy (French)

PROJECTS

Programmer June 2026 - August 2026
Balloon Research, **Starkville, MS**

- **NASA-Sponsored CubeSat**
- A collaborative contribution to Mississippi State University's atmospheric research program. Assisting in design and data analysis of payloads launched via high-altitude weather balloons to study atmospheric conditions

(Composite Build) June 2026 - July 2026

Two-Stage Model Rocket, **Memphis, TN**

- Engineered a high-power rocket featuring a dual-stage ignition system. An airframe utilizes 3D-printed components for precision aerodynamics
- Utilized 3D -printed components decreasing cost of production around 35% more price efficient than buying premade parts

Project Engineer March 2026 - May 2026

Python Rocket Trajectory Simulator, **Memphis, TN**

- Developed a simulation tool using the RocketPy library to predict rocket flight paths. The program utilizes the Barrowman equations to calculate stability and performance metrics for professional documentation.
- Checked barrowman equations and it was found in correctly calculating flight paths in comparison to premium tools within a 5% margin

EDUCATION

University Of Memphis, Memphis, TN 2024 - 2026

Bachelors, Computer and Electrical Engineering, Bachelors In Mathematical Sciences

Currently enrolled in the University Of Memphis as a double major for Computer/Electrical Engineering and Mathematical sciences.

Striving to seek out a Masters Degree in either one, and possibly a degree in Astro-Physics

Arlington High School - Diploma, Arlington TN 2020 - 2024

Computer Science Focus, - 3.5 GPA

Involved in french club, AEI, and Skills USA. Also attended Space camp 2023

PROFESSIONAL EXPERIENCE

Collierville Schools Collierville, TN

Technology Intern May 2025 - August 2025

- Assigned and responsible for project from selected STO's, Including re-wiring laptop carts, Updated 500+ school laptops, and Organized School equipment

Collierville Schools Collierville, TN

Technology Intern May 2026 - July 2026

- Offered personalized tech support for students and teachers during summer school. Repaired and distributed apple devices across schools and pushed system wide updates and software

Colonial Country Club, - Expo / Staff Member Cordova, TN

Staff Member June 2023 - June 2025

- Entrusted with garnishing and running food at a kitchen, setting up ballrooms for events, organizing storage rooms, keeping bartender stocked on supplies. Serving up to 500 customers a day
